

**MARCINKIEWICZ Co. Inc. is proud to offer
Ayala students a free mouthpiece fitting service!**

Suppose that when you buy a suit of clothes it comes with a free pair of shoes. **Not YOUR size...** just a standard size that comes with the suit. They could be too long, too narrow... You'd go out and buy some shoes that actually fit YOUR feet, wouldn't you!

Usually when a student buys a brass instrument, the most common size mouthpiece is included, and it may not fit the student. It might be too deep, too wide. If by chance it did fit, you're lucky, and it probably doesn't fit anymore because the student has been growing and getting stronger.

WHY SHOULD A MOUTHPIECE BE FITTED

We all have different size lips, different shaped jaws and teeth, and different levels of muscle development. We also play different kinds of music. A properly fitted mouthpiece can make playing your horn more efficient and more comfortable, with better intonation.

MARCINKIEWICZ Co. Inc. is proud to offer a *free* mouthpiece fitting service!

WHAT IS A MOUTHPIECE FITTING?

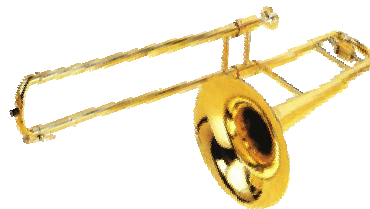

The Marcinkiewicz Co. Inc.'s ability to give students a **choice** in all stages of their development is important; this is why they personally connect with the player and in a timely manner discuss their individual needs. Their knowledgeable staff assists each student in selecting a mouthpiece that is not only **comfortable, efficient, easier to play**, and superior in **quality**, but also helps the player play **in-tune**. They are providing this service at **no charge** to the school, and students are under no obligation to buy at any time.

If a student should choose to purchase a Marcinkiewicz Co. Inc. mouthpiece at this time, special arrangements will be made. Feel free to contact Mr. Mark Stone, Ayala Band Director for more information 909-627-3584 X 2212

Currently this fitting is scheduled at the end of freshman camp in June.
